OBJECTIVE

Full-Stack Developer with hands-on experience building and maintaining React and Node.js applications. Contributed to a live healthcare platform handling 20-30 monthly leads. Strong in frontend development, API creation, and database fundamentals.

EDUCATION

Bachelor of Computer Applications (BCA), Birla Institute of Technology, Mesra 2017 – 2020

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, Authentication (JWT)
Databases: PostgreSQL (Prisma), MongoDB (Mongoose), MySQL
DevOps & Tools: Git, GitHub, Docker (basic), AWS (EC2, S3), Vercel

EXPERIENCE

Full-Stack Developer Feb 2023 – Present
Curefriend – Online Doctor Consultation Platform — Remote, India *Remote, India*

- Contributed to the development and maintenance of a live healthcare website enabling patients to submit consultation requests and book OPD appointments.
- Supported a revenue-generating platform averaging approximately Rs 1.5L per month through consultation services.
- Managed and maintained 20–30 monthly lead records ensuring accurate data handling.
- Supported production deployment and resolved bugs to maintain system stability.

Programmer Trainee Sep 2021 – Apr 2022
Cognizant Technology Services *Chennai, India*

- Resolved 200+ enterprise-level incidents using ServiceNow while maintaining over 90% SLA compliance.
- Collaborated with cross-functional teams to improve alerting and escalation processes, reducing response times.

PROJECTS

FinanceAI – Personal Finance Management Platform Sep 2025
Next.js, TypeScript, PostgreSQL, Prisma, OpenAI API
[Live Demo](#) — [GitHub Link](#)

- Built a full-stack platform to track expenses and generate automated financial insights.
- Implemented background job processing using Inngest for recurring calculations and reports.
- Integrated OCR-based receipt scanning to reduce manual expense entry.

SnapCast – Screen Recording & Sharing Platform Sep 2025
Next.js, Node.js, BetterAuth, Cloud Storage
[Live Demo](#) — [GitHub Link](#)

- Developed a full-stack application enabling screen recording, video uploads, and secure sharing.
- Implemented passwordless authentication using BetterAuth to improve onboarding experience.
